## **Home Care Assistance of Ft. Lauderdale Cultivates Workplace Diversity**

Understanding the value of employing both men and women in caregiving roles

(Fort Lauderdale, FL – June 1, 2018) [Home Care Assistance of Ft. Lauderdale](#), the area's leading provider for in-home senior care, is proud to employ a diverse roster of qualified caregivers to better serve the aging population in Broward County. Despite recognition of women being the predominant providers of society, the number of male caregivers has grown due to changing gender expectations and an increasing demand for in-home care.

"Our agency's primary mission is to employ the most qualified, caring, and reliable caregivers," said Manpreet Dhalla, Owner and President of Home Care Assistance of Ft. Lauderdale. "During the hiring process, we ask ourselves, 'Would I hire this caregiver for my parent?' Having a diverse set of caregivers is a part of that process—it's very important to have caregivers with different backgrounds, skills, and personalities so we can match the appropriate caregiver for each client."

Caregiver employees are also provided continuous education and training to optimize clients' long-term health, safety, and well-being. Diversity in the workplace will continue to be an area of focus for Home Care Assistance of Ft. Lauderdale so that the company can provide a premier level of care for seniors.
